CV Of Rebokile Sello

Personal Information:

- Name & Surname: Rebokile Justice Sello	Places of Residence: Sebothoane, Leribe;
- Date Of Birth: 22 July 2002	Roma & Maseru Lesotho
- Email address: rebokiles35@gmail.com	Nationality: Mosotho
- Contact Number: +26657415133	Github: https://github.com/RebokileSello

Educational Background:

- High School: (2016-2021)	- Tertiary Education: (2021-Present)
LGCSE 2020/21	Bachelor of Engineering in Computer
Lesotho High School	Systems and Networks
	National University of Lesotho

Skills:

- Private Tutor for High School Subjects	- Microsoft Office
- Strong Mathematics & Physics Foundation	- Debate Skills
- Excellent Communication Skills	- Public Speaking
- Fluent in English & Sesotho	- Strong Leadership Skills

Programming Languages and Skills:

Networks:
- CCNA 1: Introduction to Networks (Complete)
- CCNA 2: Switching, Routing and Wireless Essentials (Complete)
- CCNA 3: Enterprise Networking, Security and Automation (Incomplete)

Web Development:
- HTML
- CSS
- Tailwind-CSS
- Javascript
- React

Programming Languages:
- C++ (2 Years' Experience)
- Python (3 Years' Experience)
- SQL (6 Months' Experience)
- C for Arduino Programming

Programming Environments and IDEs:
- Microsoft Visual Studio Code
- Code Blocks
- Anaconda – Jupyter Notebook
- Cisco Packet Tracer
- SQLite
- PostgreSQL

Micocontroller Programming:
- Arduino: Arduino IDE & Microchip Studio (Assembly Programming)
- ESP32: Arduino IDE

Other Areas of Knowledge:
- Principles of Database Administration and Management: Relational Database
- Data Structures & Algorithms in C++
- Computer Organization & Architecture and Operating Systems
- Artificial Intelligence in Python

Extra-curricular Activities:
- School Prefect – 2019
- School Head Prefect – 2020
- Experience in Construction

Professional Summary:

I am a highly skilled and zealous individual with a strong foundation in programming, front-end web development, and network management. With extensive experience in various programming languages, including C++ and Python, I have hands-on knowledge of microcontroller programming with Arduino and ESP32. I am also proficient in prototyping and automation using microcontrollers. My web development expertise spans HTML, CSS, Tailwind-CSS, JavaScript, and React.js. I have a proven ability to manage complex projects, draft employment agreements, and oversee business operations, demonstrating strong organizational skills and a keen attention to detail. With a passion for continuous learning and a dedication to excellence, I am well-equipped to work both independently and as part of a team, making me suitable for teaching and mentoring others.

Employment History:

- Employer 1: Monate & Sons Scrapyard
  Mr. Mohakajane Monate
  Contact Number: +266 63011330
  Period of Employment: December 2023 – April 2024
